

Optional Uniforms Are Coming To Ivy League Montessori!

Based upon input from parents, I have decided to implement uniforms (optional) at Ivy League Montessori for next school year. There are many benefits to uniforms such as:

- Lowers the cost of school clothing overall
- Removes the morning struggles revolving around clothing choices with the younger children in getting dressed
- Removes peer pressure and distraction that clothing sometimes presents with the older children
- Provides a sense of school pride

In order to be as flexible as possible, I have made some selections from the Land's End School catalog with a large variety of options to choose from. We have placed a direct link on the school website where you can view the Land's End catalog or you can call them at 1-800-469-2222. Shoes can be any sneaker or soft-soled shoe.

In addition, I have joined their Preferred School Program so that ILMS will receive 3% back on every order that a parent places for these items, which is a great fund-raising opportunity. **Be sure to use our school number when you place an order. Our school number is [9001-2116-1](tel:9001-2116-1).**

However, feel free to supply similar looks in the same colors purchased from alternative sources. School uniforms will be optional for those parents that do not wish to go with uniforms.
